PROFESSIONAL SUMMARY

Software Engineering Technology graduate with field service experience at IBM and customer service experience in retail. Assisted with workstation setup and network hardware installation during the HSBC to RBC migration, tracked device deployments in Excel, and trained colleagues on troubleshooting techniques. Seeking a Technical Support Representative role at Concentrix.

TECHNICAL EXPERIENCE

Field Service Technician, IBM, Toronto **Jun 2024 - Jul 2024**

- Assisted with IT setup for 50+ workstations during HSBC to RBC bank migration, enabling a smooth infrastructure transition with minimal downtime.
- Managed deployment tracking via Excel for 100+ devices, improving coordination across departments.
- Installed network hardware including UniFi and Cisco devices, enhancing long-term performance and reducing troubleshooting needs.
- Delivered peer training to 20+ colleagues on troubleshooting techniques and reducing support requests.

CUSTOMER SERVICE EXPERIENCE

Shift Leader, Canna Cabana, Kitchener **Oct 2025 - Present**

- Achieved Top 1% performance industry-wide by completing all Spiffy training modules and ranking #14 of 1,248 associates on the Canna Cabana leaderboard and #88 across the entire cannabis retail industry, demonstrating exceptional product knowledge and sales execution.
- Selected for the High Buds Club based on sustained sales performance, earning multiple prizes and product incentives from licensed cannabis producers and brand partners.
- Coached and motivated team members through real-time floor leadership and side-by-side customer service modeling, boosting team conversion rates by 20% and lifting average transaction value by 12% within two quarters.
- Promoted from Sales Associate to Shift Leader within 6 months based on consistently exceeding sales KPIs, demonstrating strong business acumen, and showcasing leadership readiness on the sales floor.

Retail Sales Associate, Canna Cabana, Kitchener **May 2025 - Oct 2025**

- Helped the store reach weekly sales targets and achieved the highest Elite membership sales, contributing to a 20% increase in recurring revenue.
- Supported the team by covering most evening and weekend shifts, ensuring consistent service for up to 150+ customers per day.
- Partnered with the store manager to complete monthly inventory counts efficiently, finishing 20% faster than average.
- Verify customers' age and identification to ensure compliance with legal regulations.

Retail Sales Associate, Hamilton Cannabis Co., Hamilton **Feb 2024 - Apr 2025**

- Provided quality customer service by delivering tailored product recommendations to over 50 customers daily, which contributed to an improved store rating from 4.0 to 4.8.
- Engaged customers through in-person and digital channels, recommending products and promotions aligned with trending cannabis culture and seasonal campaigns.
- Executed successful promotional campaigns to reduce old inventory, cu ng product waste by 25%, aligning with marketing objectives to promote company services.
- Trained and supported 4+ new hires through job shadowing and coaching, maintaining service quality.

Customer Service Representative, Anytime Variety Store, Kitchener **Aug 2023 - Jan 2024**

- Navigated customer service situations by independently resolving 10+ weekly complaints through active listening and product knowledge, ensuring professional customer care and preserving store reputation.
- Increased monthly sales by $15,000 through upselling and tailored suggestions.
- Verified and stocked 100+ deliveries weekly using Excel, maintaining inventory accuracy and shelf availability.
- Trained 2+ new staff in store operations, ensuring consistent service quality during transitions.

KEY PROJECTS

E-Commerce User Behaviour Analytics - *SQL · Python · Power BI*

- Built end-to-end funnel, cohort retention, and RFM segmentation models on 300K+ events (88K users, $1.68M revenue; identified 93.2% drop-off at product view stage and near-zero Month-1 retention (1.2%), diagnosing core conversion and re-engagement gaps.
- Delivered actionable insights including high-value "Champion" segment (0.3% users driving 14.3% revenue) and pricing/conversion inefficiencies (smartphone CVR <2%); proposed targeted retention and category interventions with estimated **$36K revenue recovery**.

Financial Risk & Borrower Analysis - *Power BI · DAX · Power Query*

- Built a multi-page risk intelligence dashboard using **Power BI, DAX, and Power Query** on a $436M loan portfolio (38K borrowers); uncovered critical mispricing where Grade A borrowers showed highest default rate (18.5%) despite lowest interest rates.
- Delivered segment-level and geographic risk insights (e.g., 52% Q1 credit card default spike, California high-risk vs New York low-risk market), enabling data-driven portfolio rebalancing and underwriting strategies projected to reduce defaults by **10-15%.**
